

characteristics

headboard: structure made of particle board panels upholstered with expanded variable density polyurethane and covered with double fabric lining.

bed frame: made of shaped solid wood panels upholstered, with double fabric lining.

slat base: made of a metal frame and wooden slats flush with the top of the bed frame. The slat base is a single platform for W 150 and 160 cm; for W 180 and 193 cm size the slat base is divided in two. **We do not recommend the use of these slat bases with latex mattresses.**

covers: removable fabric covers or fixed leather or Eco-leather covers.

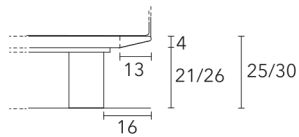

limitations

no customization is possible.

Cover not available in Link and Shabby Rigo fabrics.
